

18 June 2010

Dear Parents,

- Early Payment Policy

We are well aware that these are troubling times for the economy of Thailand and indeed all the SE Asian countries. With this in mind Ascot is pleased to announce that all annual payments of term fees received before the 28th of June will be charged at this year's rates. Only annual payments will be accepted, after the 28th of June the new 2010-11 term fees will apply.

- Price freeze

Please also note that the 2010-11 tuition fees will be frozen for two years. That means no further increase in tuition fees until April 2013.

- Discounts

Ascot has a well documented discount policy for siblings, one year advanced payments and bond holders. Only these discounts will be available and a policy of total equality for all parents will be phased in over the next twelve months.

We hope this will assist all parents with their finances during the next two years.

Kind regards

Geoffrey Potter
Managing Director
Ascot International School
